

Let's try this

DIGITAL LITERACY ESCAPE ROOM

You enter the game at your own risk. Your frustration is not our responsibility.

WHAT?

An online escape room created with Genially for upper-primary and lower-secondary students.

WHY?

To check the students' understanding of digital literacy with the focus on media literacy, digital emotional intelligence, and safety and privacy.

HOW?

The students have to answer correctly all the questions in 4 different tests and type in the passwords in order to get out of the escape room.

WAIT, THE LINK?

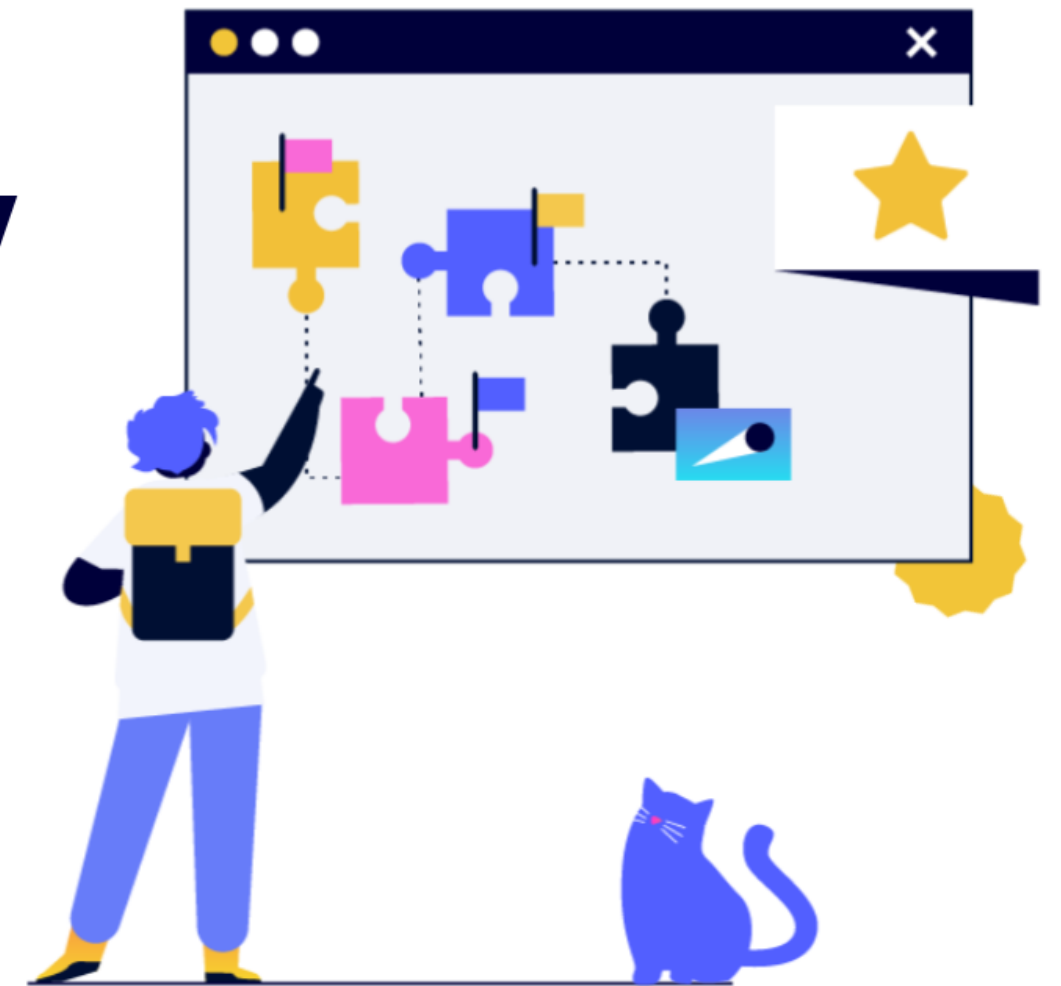

Here it is!

Digital Literacy Escape Room

How tech-savvy are you?

START

Introduction

You consider yourself an expert on digital literacy?

Prove it!

Find the way out of this escape room.

...

*For passwords, use **UPPERCASE letters** only and do not forget the **SPACES**.*

*Make sure to **click on the interactive elements** to listen to audio or watch video recordings.*

...

***Pay attention to whole slides and HIDDEN emoticons** - they will make up a fairy-tale character, which is also the final password to get you to the end of this escape room.*

...

Good luck!

Do I really have to?

Tests

Complete each test to beat the game: **there is no other way to escape!**
